

2020-2021 REQUEST FOR FINANCIAL AID BUDGET INCREASE AUTOMOTIVE TOOLS PURCHASE

I am requesting that the CCC Financial Aid Office increase my financial aid budget for purchase of required tools* for my automotive program for the 2020-2021 academic year.

I have reviewed the required attached tool list* for this academic year and verify that the cost of the tools that I must purchase totals \$_____.00

I understand that any additional Direct Loan eligibility will be processed for the academic year and that it will be disbursed in two payments (fall semester/spring semester).

I understand that this increase may not result in enough additional Direct Loan to cover all the costs of the required tools. Also, I understand that the only source of my financial aid that may be increased is Federal Direct Student Loan or eligibility for the Parent Loan for Undergraduate Students (PLUS) if I am a dependent student.
